H2A

# about us

The single point of contact for all your facilities management Based in Dubai, United Arab Emirates, H2AG FM provides total facilities management services to residential, commercial properties, healthcare, schools, colleges, hotels, hotel apartments, industrial & manufacturing sector & public servicing sector (banks & ministry buildings).

H2AG provides client a cost effective, stream lined and simplified solution for their property management and maintenance needs. Outsourcing all or a portion of your facility maintenance needs with H2AG FM allows you to employ this strategy there by reducing your overhead and operations costs. Unlike some competitors, H2AG FM has no vested interest in promoting any specific building equipment, manufacturer or control system, our exclusive focus is to protect your assets and provide productivity enhancement and efficiencies through outsourcing management and operations of your facilities and their systems. We work to very high standards because we are only satisfied when we have done an exceptional for all our customers. You benefit from reduced costs, increase efficiency and there assurance of knowing we are handling day to day infrastructure or a sudden crisis while you get on with your core business.

Our aim is simply to take the strain out of running your support services, freeing you to concentrate on the performance and profitability of your core business. And because providing support services is our core business, we will use our expertise and market knowledge to save you money, without compromising the professionalism and efficiency of your organization.

We have high end Computerized Maintenance Management System enable 24x7 customer accesses through call center and web track. To summarize, H2AG Facilities Management is committed to deliver cost effective Facilities Management, providing the client with an ever improving level of service.

We can achieve this by integrating with the client's personnel, adopting a flexible approach and operating an open book policy between the client and H2AG Facilities Management.
